Samsung SyncMaster 225UW

For Microsoft Office Communicator 2007

The Samsung SyncMaster 225UW is a 22-inch widescreen LCD monitor that uses Microsoft's unified communications solutions to streamline all communication functions into a single platform, offering end users a simplified experience that ultimately drives workplace productivity, increases security and reduces costs.

COMMUNICATIONS MADE SIMPLE

With Microsoft's unified communications software package, the SyncMaster 225UW monitor is enabled to integrate all communications systems, from e-mail and instant messaging to Smartphone and VoIP, all of which can be accessed with a single password and log-in.

Whether communicating across cubicles or across continents, the SyncMaster 225UW facilitates a top-quality audio and visual communication experience. Equipped with a built-in 2.0M pixel high-resolution webcam, dual-array microphone and speakers, the SyncMaster 225UW is an ideal choice for true-to-life Web conferencing, thereby reducing the need for frequent business travel and decreasing long distance phone costs.

The SyncMaster 225UW supports Microsoft's presence management features, which lets

users know which of their colleagues are available at any given time and will be automatically routed to the correct communication device, thereby saving time and ultimately driving productivity.

With the 225UW, communication is not only simplified, it is also secure. By utilizing the proven stability of Microsoft® Exchange Server and Microsoft Office Live Communications Server, IT professionals are given the full peace of mind of universal communications security.

In addition to its unified communications capabilities, the SyncMaster 225UW widescreen monitor has qualified for Microsoft's Windows Vista Premium Certification, therefore ensuring the full range of features and benefits of a Windows Vista™ operating system.

Samsung SyncMaster 225UW

22-INCH WIDESCREEN MONITOR OFFERS SLEEK DESIGN, HIGH-END FEATURES

The SyncMaster 225UW provides premium performance, value and style. With a high resolution of 1680 x 1050, coupled with a wide 16:10 aspect ratio, the SyncMaster 225UW offers superior image quality and enhanced productivity for a range of professional applications. Featuring a 5ms response time, a 700:1 contrast ratio and 300cd/m2 brightness, the model is equipped to produce crisp, true-to-life images, while the wide 170/160 viewing angle further enhances the overall viewing experience. The monitor also incorporates a 2 port USB hub and dual inputs (DVI-D & Analog).

The widescreen monitor is packaged in a sleek design, with a high-gloss shiny black bezel and a stylish square-based stand. The monitor also features a set of touch-sensitive buttons, enhancing overall ease-of-use and adding an ultra-modern feel.

The SyncMaster 225UW will be available in June for an MSRP of \$449.99. Like all Samsung displays, the SyncMaster 225UW is backed by a three-year limited warranty on labor and parts, including the backlight, as well as toll-free technical support for the life of the display.
