Meet Microsoft Surface Laptop 4 SCR

Expect more from your computer

- More flexibility than ever with a brand-new angled design that offers elegant ergonomics and comfortable workflow.
- Integrated HDMI video port to meet your legacy video output requirements.
- Get more power to run the professional-grade apps you depend on, fueled by an 11th Gen Intel® Core™ Processor and custom AMD Ryzen™ Microsoft Surface Edition processors.
- Show your best side with more accurate skin tone colors on video calls with the front-facing 720 HD camera.
- Be heard loud and clear in Microsoft Teams* calls with dual far-field Studio Mics that capture your voice crisply and clearly.
- Listen in and be more fully engaged in meetings with Omnisonic speakers.

Streamlined deployment, modern device management, and cloud-powered security

- Work more securely by authenticating to your networks with a TAA device with a FIPS 201-compliant Smart Card Reader
- Surface Enterprise Management Mode (SEMM) provides a scalable, deployable utility to help you selectively choose to enable or disable hardware-based components, in addition to boot options, on a per-device basis – all secured via PKI.

Service and support how, where and when you need it

- Leveraging modular serviceability, the device design compartmentalizes pieces of the underlying system componentry allowing for quicker return to service times.
- A base 3-year Next Business Day onsite extended hardware service w/Keep Your Hard Drive through Microsoft’s service partner ITG is included. Optional uplifts to 4yr and 5yr service available, as well as options for accidental damage protection.

4. Does not contain user serviceable parts. Hard drive is only removable by an authorized technician following Microsoft provided instructions.

5. Surface Laptop 4 battery life: up to 16.5 hours on Surface Laptop 4 15" Intel® Core™ i7. Battery life based on typical Surface device usage. Testing conducted by Microsoft in February 2021 using preproduction software and preproduction devices. Testing consisted of full battery discharge with a mixture of active use and modern standby. The active use portion consists of (1) a web browsing test accessing 8 popular websites over multiple open tabs, (2) a productivity test utilizing Microsoft Word, PowerPoint, Excel and Outlook, and (3) a portion of time with the device in use with idle applications. All settings were default except screen brightness was set to 150nits with Auto-Brightness disabled. Wi-fi was connected to a network. Battery life varies significantly with settings, usage and other factors.

6. Requires Dolby Atmos® encoded content and audio.

7. Colors available on select models only. Available colors, sizes, finishes, and processors may vary by store, market, and configuration.

8. Microsoft’s Limited Warranty is in addition to your consumer law rights.
